SUMMARY

Dynamic and results-driven professional with hands-on experience in Java programming in the mini project. Successfully led a team project to enhance faculty task management, showcasing strong leadership and problem-solving skills. Proficient in Python and database management, I thrive in collaborative environments and consistently meet deadlines. Results-oriented individual with a passion for continuous learning and innovation. Known for leveraging analytical thinking and creativity to solve problems and deliver high-impact solutions in fast-paced environments.

SKILLS

- Java programming
- Database Management
- Problem solving
- HTML and CSS
- Python
- Time Management
- JavaScript and PHP
- Web development

WORK EXPERIENCE

Internship, Codsoft, July 2024-January 2025

- Company Overview: Online platform for programming internships.
- I completed an internship in Java programming on the TheCodSoft online platform, diligently tackling and completing all assigned tasks. Gained hands-on experience and enhanced technical skills in a real-world setting.
- Completed day-to-day duties accurately and efficiently.

Mini Project, NIET, January 2024-June 2024

- Led a team to develop a comprehensive system to streamline task allocation, tracking, and reporting for faculty members during my second year. Demonstrated leadership by coordinating team efforts, ensuring timely milestone completion, and delivering an efficient, user-friendly system.
- Provided support and guidance to colleagues to maintain a collaborative work environment.
- Managed time effectively to ensure tasks were completed on schedule and deadlines were met.

EDUCATION

Bachelor of Technology (B-Tech)

Nov 2022 - July 2026

Computer Science Engineering, Noida Institute of Engineering & Technology, Greater Noida, Uttar Pradesh
