

Faizan Saifi

Greater Noida, India | faizangns03@gmail.com | +91-6395552318

Career Objective

A results-driven Full Stack Engineer with hands-on experience in Java, web development, and database management. Proven ability to lead projects and build scalable, user-centric applications with strong problem-solving skills.

Education

B.Tech in Computer Science and Engineering
Noida Institute of Engineering and Technology, Greater Noida (**2022-Present**)

Experience

Java Developer Intern — (Codsoft):

01 July 2024 – 05 Aug 2024

- Developed and implemented Java-based applications, strengthening core concepts such as OOP, exception handling, and collections.
- Built mini projects including real-world problem statements, focusing on clean code, logic optimization, and functionality.
- Gained hands-on experience in debugging, testing, and improving application performance while working independently under deadlines.

Projects

Faculty Task Management System:

- Developed a web-based system to streamline task allocation and tracking for academic staff using **Java, Spring Boot, HTML, CSS, JavaScript, and MySQL**.
- Designed backend logic, role-based access, and automated task tracking.
- Improved productivity by reducing manual workload through centralized task management.

Project Management System:

- Developed an academic project management system to support student project submissions and faculty approvals.
- Implemented features such as project registration, team assignment, and progress tracking using **Java, JSP, HTML, CSS, and MySQL**.
- Enhanced organization and transparency by centralizing project workflows and improving communication between students and faculty

Personal Portfolio Website:

- Developed a **personal portfolio website** to showcase projects, technical skills, and academic information.
- Implemented a **responsive design** to ensure compatibility across desktop, tablet, and mobile devices.
- Used **HTML, CSS, and JavaScript** to build a clean and structured user interface.
- Organized content into sections such as **About, Skills, Projects, Resume, and Contact**.

Technical Skills

- **Languages:** Java, JavaScript, HTML, CSS, Python
- **Frameworks & Tools:** Spring Boot, JSP, REST APIs, MVC Architecture
- **Databases:** MySQL
- **Coursework:** Data Structures & Algorithms, OOPS, Cloud Computing, Operating System, DBMS
- **Tools:** Git, GitHub, Maven, Eclipse, IntelliJ IDEA

Soft Skills

- **Problem-Solving**
- **Team Collaboration**
- **Communication Skills**
- **Time Management**
- **Adaptability**
- **Analytical Thinking**
- **Attention to Detail**

Hobbies & Interests

- Learning new technologies and tools
- Building and exploring software projects
- Self-learning through online courses
- Basic UI/UX design exploration

Achievements

- ❖ Solved **100+ Data Structures & Algorithms problems** across coding platforms.
- ❖ **Coding Events – NIET & Online Platforms:** Participated in coding contests to enhance problem-solving.
